"This service is organized each year to give medical students and faculty the chance to express our **gratitude** for the **gifts** made to **our medical education and training** by the donors and their family members. Anatomy is **like no other experience** in medicine, and we are truly humbled by their decision. We would like to extend a **special thanks** to those who spoke and performed as listed in the program and those whose efforts behind the scenes made the Class of 2020 Candlelight Vigil possible."

- Umaru Barrie & Clementine Young
MS1 Co-Presidents

Special Thanks to:

Kevin Nguyen	*Design*
Rachel Hurst, Dami Akinmolayemi, Mahmoud Elguindy, Ricardo Garza, Alex Guinn, Yarlini Vipulanandan	*Greeters*
Suzette Smith & Mike Chadee	*Event Planning*

Willed Body Program

The Willed Body Program gives UT Southwestern medical students the privilege to work and learn from those who have selflessly donated their bodies to science. This evening, we honor the families and individuals who have sacrificed so much to further our medical education and training.

This evening will consist of performances and readings to pay respect to those with whom we have spent countless hours this semester. To you, we say, Thank you.
